ASIA'S ANCHOR MARITIME AND OFFSHORE EVENT

More than **1,900** discussions made between attendees

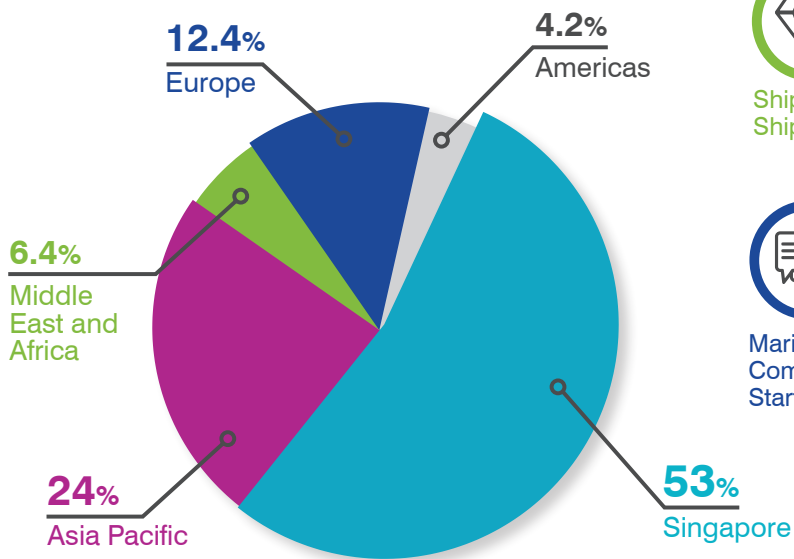

More than **3,000** messages exchanged

At the cutting edge of virtual event experience, Sea Asia built communities, connections, and brought to market the hottest trends in industry with first to market thought leadership.

Through the first edition of **TechX @ Sea Asia** – The Official Startup Forum, the event also expanded into the dynamic ecosystem of maritime start-ups, VCs, incubators, accelerators, and technology and digitalisation solution providers, providing an opportunity for startups to gather insights, network and present their ground-breaking ideas through pitching and knowledge sharing sessions.

Testimonials

Sea Asia 2021 was again an outstanding organized event. Inside every session you can learn so much from the speakers and connect with the participants. That's how a conference must be.

Dr Ralf Belusa | Managing Director, Digital Business & Transformation, Hapag-Lloyd

Sea Asia 2021 was a well-organized global platform in maritime and logistics industry. It gave me insights into the latest trend in our industry and also opportunities to connect with professionals from all over the world.

Tetsuya Haraoka | Head of Research Team, Process Innovation Group GHQ,
Yusen Logistics Global Management

Sea Asia returns in 2023
